

MAKERSPACE SYLLABUS FACTS

MakerSpace | 2026-2027

Name _____

Block _____

Date _____

Use the syllabus to find each answer. Find it; don't guess.

01

How many credits is this course worth, and which grade levels can take it?

02

What percent of your quarter grade is formative? What percent is summative?

03

Which counts for more in this class: your daily work or the big projects?

04

What is the lowest final grade that still passes?

05

How many total absences are allowed in a semester before you lose credit?

06

How many tardies add up to one unexcused absence?

07

How many minutes of tolerance do you get after the second bell?

08

What is the highest grade possible on work turned in one day late? What about two days late?

09

Which rule covers the 3D printers, tools, and equipment? What can you lose by breaking it?

10

How many units are in this course, and which two name a specific program?

STUDENT ACKNOWLEDGMENT

By signing below, I confirm that I reviewed the MakerSpace syllabus and understand the course policies and expectations.
