Use the syllabus to find each answer. Find it - don't guess.

01 How many credits is this course worth?

02 What percent of your quarter grade is formative work? What percent is summative?

03 What is the lowest final grade that still passes?

04 How many total absences are allowed in a semester before you lose credit?

05 How many tardies add up to one unexcused absence?

06 How many minutes of tolerance do you get after the second bell before it counts as a tardy?

07 What is the highest grade possible on work turned in one day late? And two days late?

08 What is the one material every student must bring?

09 Who is the final arbiter when there's a question of academic dishonesty?

10 How many units are there in this course, and which two name a specific software program?
